1. Introduction

A cookie is a piece of information in the form of a very small text file that is placed on your machine to help the site provide a better user experience. Generally, cookies retain information relating to the user such as their preferences or shopping baskets as well as providing tracking data. Cookies are normally there to improve your browsing experience. If you'd like more information you may find: https://www.aboutcookies.org/ useful.

2. Our Cookies

Our website uses 2 cookies, some of these are required by the software to function, others are optional to allow you to login automatically.

a. *Required Cookies*
